

ACCEPTABLE US GOVERNMENT ISSUED ID

Clinical Student (Non-MD)

ATTENTION: Clinical Student

Please remember to submit a copy of an acceptable government issued ID, when returning all of the required paper work to the appropriate coordinator.

Photocopies of the following current, unexpired, government issued documents are acceptable:

- 1) Driver's License
- 2) State Photo ID
- 3) Passport

Reminder, a copy of your government issued ID should be submitted **as part of the package**, submitted from your school coordinator to the coordinator at BWHC.

Do not send individual loose documents to the coordinator at BWHC. Such documents will not be collected and added to your packet. Due to the high number of students we process, your student packet **MUST** get to BWHC completed and intact.

Before submitting documents, please reference the BWHC Clinical Student Request Form Checklist, provided to your schools coordinator to ensure your packet is complete.
