

## *Investigative Dermatologists*

**Department of Dermatology  
Brigham and Women's Hospital  
Harvard Medical School**

---

The Department of Dermatology at Brigham and Women's Hospital is seeking full-time wet laboratory investigators to join our faculty and build a career in academic dermatology. This is an exciting opportunity to join one of the best homes for academic dermatology in the country, located in the unique metropolitan Boston area.

The successful candidate must have a MD, PhD, or MD/PhD degree and a proven track record of outstanding laboratory research. The candidate should have demonstrated expertise in an area of skin biology or disease mechanism, such as cancer, inflammatory diseases of the skin, skin immunology, aging, angiogenesis, or skin microbiome.

Brigham and Women's Hospital [BWH], located in Boston, MA is a 750 bed teaching affiliate of Harvard Medical School [HMS], and a world class tertiary care medical center. The Department of Dermatology at BWH is dedicated to expanding the boundaries of medicine through compassionate clinical care, cutting edge research, and teaching excellence. We take pride in a track record of nurturing the careers of our faculty to develop tomorrow's leaders in academic dermatology.

The BWH Department of Dermatology is an appointing department for the Harvard Medical School Department of Dermatology. Faculty hired will receive faculty appointments from both Brigham and Women's Hospital and Harvard Medical School. The academic appointment will be at the Assistant or Associate Professor level at Harvard Medical School and determined by the applicant's credentials. The new faculty is expected to participate in courses/workshops for medical students and fellows. Salary and benefits are commensurate with experience.

Interested candidates please submit curriculum vitae to Thomas S. Kupper, M.D., Chairman, Department of Dermatology, Brigham and Women's Hospital. Please send submissions via email to [bwhderm@bwh.harvard.edu](mailto:bwhderm@bwh.harvard.edu)
