## Dermatology Cosmetic Services

Look and feel your best with the help of our expert cosmetic dermatologists at Brigham and Women's Hospital.

Under the leadership of Dr. Deborah Scott, we offer a full range of cosmetic and laser services. Our expert dermatologists deliver the most effective treatments possible using the most advanced lasers and equipment.

The Laser and Skin Health Center located at Brigham and Women's Health Care Center in Chestnut Hill is our primary location for all your cosmetic and laser needs. We also offer a selection of those services at other locations, including Boston, Foxboro and Westwood.

### Experienced physicians

At Brigham and Women's Hospital, personalized care is performed by board certified dermatologists with specialized training in cosmetic and laser treatments, who are all Harvard Medical School faculty. Your physician will be personally involved in your care, from the initial consultation, to providing treatment, through follow up care. We are committed to providing the best patient care every step of the way.
