

## Fall TIPS Toolkit Bed Poster

**Figure 3. A-B Fall Prevention Bed Posters. A: Generic “High Risk For Falls” Sign.** Representative of signs typically used in hospitals to alert providers that a patient is at risk for falls. **B: FTTK Tailored Bed Poster Output.** Hung directly above patient bed and displays patient specific areas of risk and recommended interventions for patient at high risk for falls. Icons displayed relate directly to nurse generated fall risk assessment and tailored interventions selected on the FTTK user interface.
