## A Foundation of Support for your *Passion and Purpose*

At Brigham and Women's Hospital, our primary care physicians deliver exceptional care with both *Passion and Purpose*. Our PCP's are able to build their careers upon the foundation and support of BWH.

### Why Brigham and Women's Hospital?

- salaries and benefit programs
- diverse primary care practice locations
- state-of-the-art EMR and enterprise data warehousing
- full-time and part-time opportunities available
- world-class integrated specialty network
- professional development programs
- NCQA PCHM recognized
- embedded services within practices
- piloting innovative delivery models (e-visits, etc.)
- opportunities to teach medical students and residents

BWH Primary Care provides comprehensive adult medical care for over 200,000 patients across our fourteen primary care practices throughout the greater Boston area. Our facilities are modern and patient-centered, with high-caliber clinical and support staff teams. Our PCPs see a complete range of adult patients across all demographics and diseases and conditions. Our growing network of primary care practices in eastern Massachusetts is testimony to Brigham and Women's commitment to primary care as a critical component of managing populations, and our dedication to providing the best experience and health outcomes for our patients.
