

Getting Started with Research PACS

Logging On:

From within the Partners network enter <https://centricityiw.partners.org> into the IE Address bar.

At the logon screen enter your Centricity IW User ID and Password and click Login.

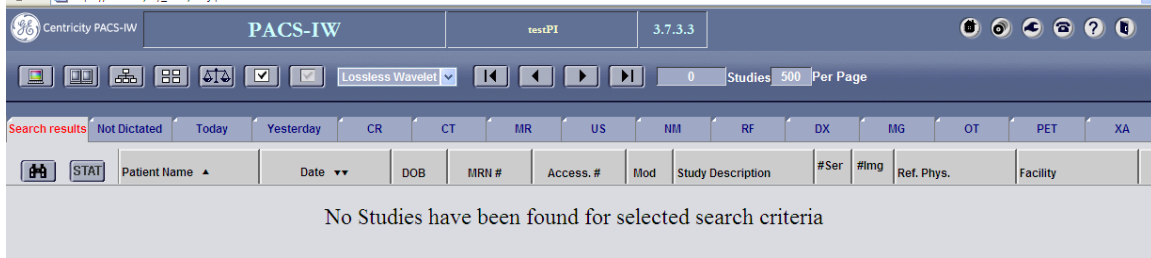

The screenshot shows a web browser window with the address bar containing `http://centricityiw/login.jsp?nat_access=true`. The page header includes the Brigham and Women's Hospital logo and name, the version number 3.7.3.3, and the GE Healthcare logo. The main content area features a blue background with white wavy lines and the text "Centricity PACS-IW". A central login form contains the following fields and buttons:

User Id:	<input type="text" value="testpi"/>
Password:	<input type="password" value="*****"/>
<input type="button" value="Login"/>	<input type="button" value="Change Password"/>

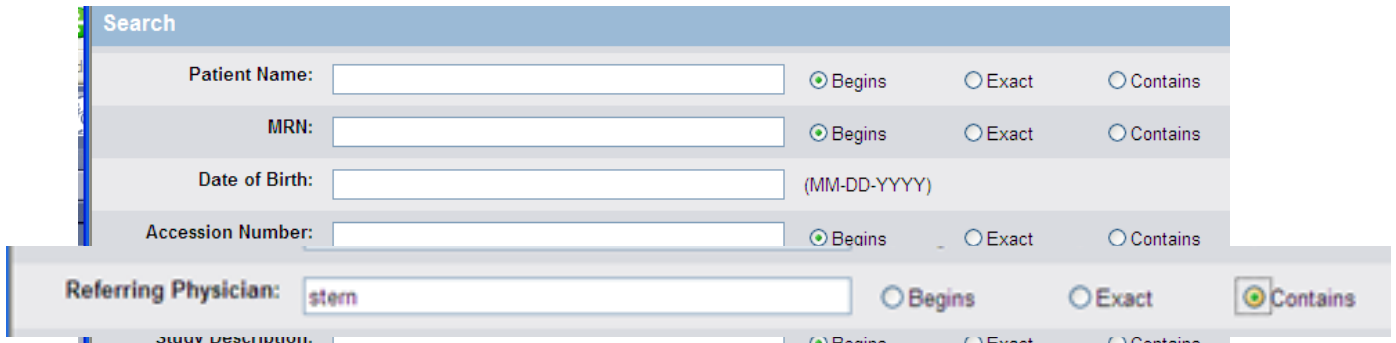

Need Support? Place a call to the **Help Desk at 617-732-5927** specifying that it is a Radiology IT issue.

Creating Relevant Worklists:

Once successfully logged in, click the **Search results** tab.
Then click the  icon to search for patients.

In the **Search** window's Referring Physician field, enter the **name of the project**, and click the **Contains** radio button.

Click the **Search** button

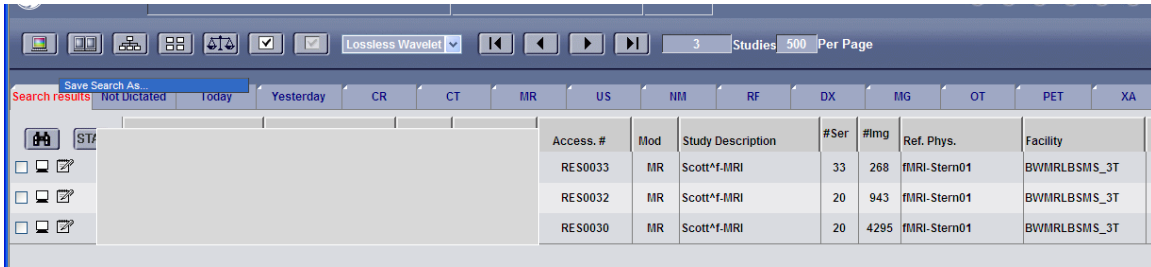

All studies associated with the project are listed.

To save the worklist:

Right click on the words "**Search Results**"

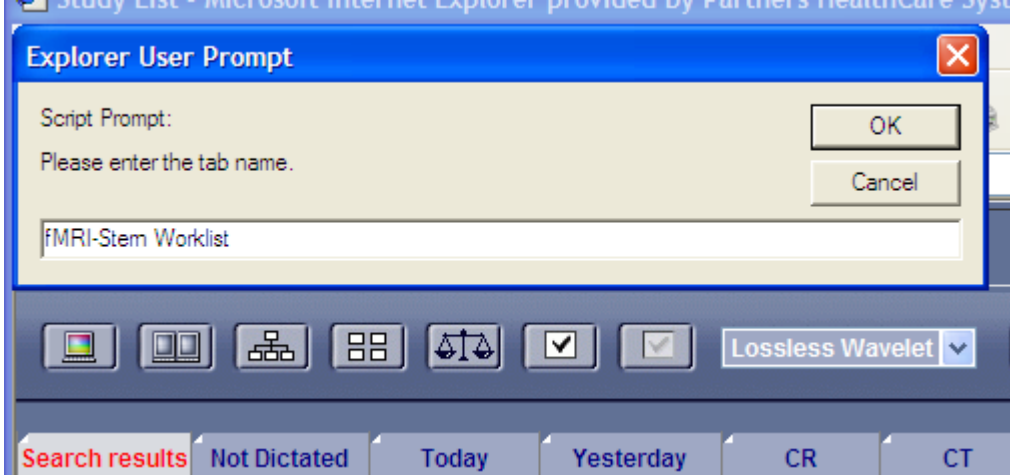

Click the "**Save Search As...**" popup window

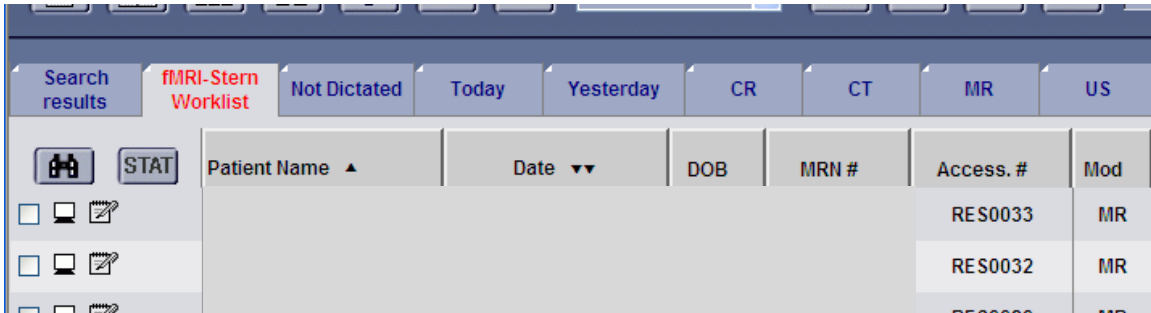

Enter a name for the worklist.

Click **OK**

A worklist has now been created. This worklist will autoupdate when any new study is entered into PACS that meets the criteria that was originally entered in the Search window.

*To create another worklist (for example for another project) click the **Search results** tab and repeat the **Creating Relevant Worklist** steps above.*

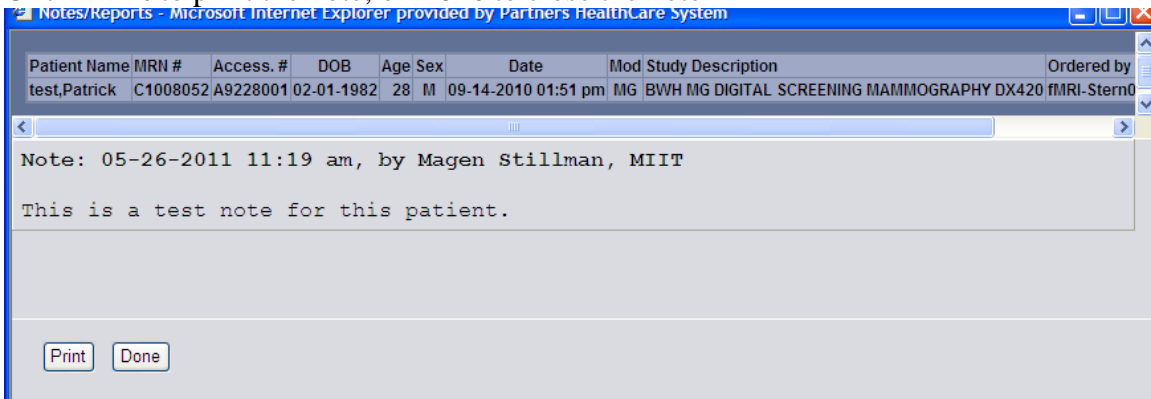

Viewing Exam Notes:

If an exam note has been entered for a study, the  will be highlighted yellow. Single click on the  icon to display the note.

 		Patient Name ▲	Date ▼▼	DOB	MRN #	Access. #	Mod
<input type="checkbox"/>						RES0033	MR
<input type="checkbox"/>						RES0032	MR
<input type="checkbox"/>						A9228001	MG
<input type="checkbox"/>						RES0030	MR

The note is displayed.

Click **Print** to print the note, or **Done** to close the note
