

**BRIGHAM AND WOMEN'S HOSPITAL DEPARTMENT OF SURGERY
POSTDOCTORAL FELLOW STATEMENT OF TRAINING AND RESOURCES**

Research Fellow Name: _____

PI/Faculty Mentor Name: _____

EXPECTATIONS AND RESPONSIBILITIES:

Your postdoctoral training is preparatory training for a full-time career, possibly involving substantial research or scholarship, under my supervision. You will be allowed and encouraged to publish the results of your research or scholarship and receive credit for such during and after the appointment period. You will receive training, professional development, and mentorship during the appointment period.

You will spend no less than INSERT PERCENT of your time working on research projects under the direction of Dr. INSERT NAME in his/her/my laboratory on INSERT DESCRIPTION OF RESEARCH PROJECTS, EXPECTATIONS & RESPONSIBILITIES, and ANY RESTRICTIONS ON OUTSIDE ACTIVITIES SUCH AS MOONLIGHTING.

You will hold the position of Research Fellow (or other institutionally appropriate position) and shall be directly responsible to the Mentor. Employment will commence on _____, and terminate on _____. The mentor will pay the trainee _____ annually for the duration of the training period.

Prior to initiation of your postdoctoral Fellowship, you may need to seek an NIH-funded or other funds for your postdoctoral Fellowship, and the mentor and Department of Surgery is prepared to assist you in preparing such an application if based out of Brigham and Women's Hospital. Your position, however, is not contingent on the receipt of such a Fellowship or outside funding. You may be eligible to apply for Department of Surgery Support as outlined in the document **Brigham and Women's Hospital Department of Surgery General Surgery Resident Research Salary Support (Revised 8/15/2017)**

Trainees and Mentors are also always welcome to discuss issues with the BWH Department of Surgery Associate Chair of Research and/or the Director of Resident Research listed below.
